Safer Pest Control Project **does not** recommend pest control companies. We have listed these companies because we know they provide IPM Services if ASKED! Most of the companies serve the Chicago area only. To locate pest control providers in other areas or

outside Illinois go to www.beyondpesticides.org and use the Safety Source for Pest Management listing. Remember to read our fact sheets "How to Hire an IPM Contractor" and "How Do I Know I'm Receiving IPM" found on our website at spcweb.org/ipm.

Safer Pest Control Project is dedicated to reducing the health risks and environmental impacts of pesticides and promoting safer alternatives in Illinois.
